

**Film Show and Poetry Reading for students at the Bo American Corner
organized by the IRC, June 13, 2012**

Information Resource Center (IRC) staff showed 2 films at the American Corner Bo for students and their teachers. The films: *"The Adventures of Huckleberry Finn"* and *"Tom Sawyer"* were screened for over 60 students and their teachers from several secondary schools in Bo. Following the film show they participated in a very lively Q&A session. Poetry reading also formed a highlight of the program.

The program strengthened the collaboration between Post and the Bo American Corner. Showing the film helped to educate the students on the culture and history of the United States.

Photos of the program follows.
